

Dear Doctor,

our company has been recruiting doctors for healthcare employers all around the world since 2001. Currently we have the following offer for you:

Our client is a hospital group in Saudi Arabia with hospital in Riyadh, Dammam (on the beach), Khobar (on the beach) and other places (including Medina).

All of these hospitals cover a wide range of disciplines. In all these places there are international schools and kindergartens. Foreign employees are accommodated in apartment complexes where many other people of the same nationality reside. From some of these locations, the Bahraini Emirate is easily accessible by car.

Prerequisites: ideally 5 years experience as a medical specialist as well as good English skills, knowledge of Arabic will be appreciated.

Maximum age 57 years.

Salary: between 45,000 and 60,000 Rial / month tax-free (between about 10,000 and 13,000 euros) depending on qualification.

Other benefits: The employer takes care of the accommodation(including the maintenance of all installations), local transport to the clinic, health insurance and one annual return flight together with spouse and two children.
